

*Make this Spring Special*

# Become a Charter Member of UCLA Extension's Osher Lifelong Learning Institute

*An Adventure in Intellectual, Cultural, and Social Exploration for Adults Age 50 and Above*

This spring, join our new Osher Lifelong Learning Institute and take part in a community of like-minded older adults interested in the sheer joy of learning. Courses are conveniently scheduled during the day at the Extension Lindbrook Center, our modern learning annex in the heart of Westwood Village.

## LIMITED-TIME OFFER

When you become a charter member for this Spring Quarter, you can take advantage of exclusive membership benefits, good for the duration of the quarter, that include complimentary enrollment in two courses from select group of programs. So don't delay, become a charter member today.

Customize a personal spring learning program, as you meet new people and engage in spirited discussions. This spring, you can master new photography skills, revel in the universal themes of great theater, and explore new frontiers of discovery from the minds of today's most daring thinkers.

## OFFERED THIS SPRING

Create your own learning adventure with these specially designed courses:

### **The Play's the Thing: Adventures into the Human Spirit**

Great theater has the power to inspire, entertain, inform, and sometimes even transform our lives. In a workshop setting, professional actors, directed by accomplished director/playwright **Beverly Olevin**, perform live scenes from contemporary and classic plays that explore the human experience.

### **Explorers of New Frontiers**

Learn about the unveiling of a black hole at the center of our universe, new discoveries on how the brain functions, new findings on the origins of life, and the latest insights into the way computers have transformed our lives. This program sheds light on new frontiers of knowledge being pursued by some of the true pioneers of our times.

### **Getting the Shot You Wish You Had Taken: See Your World with a New Eye**

Whether you are taking pictures with a traditional or digital camera, the core of a great photo is a compelling subject, artful composition, and clever lighting. This course can help you improve your photography by developing your visual sense and learning to see the world in a new way.

### **The Glow of Hapsburg Europe in Modern Literary Masterpieces**

The Hapsburg Empire evokes images of men dueling over matters of honor as imperial grandeur crumbled around them. Experience one of the richest and most colorful periods of Western history through some of the fascinating and haunting literature that evokes its rich legacy. Led by **Tamas Ungvari**, noted Hungarian cultural historian and author.

### **The Power of Myths: How the Timeless Wisdom of Great Mythic Traditions Speaks to Us Today**

Explore ways in which age-old myths can illuminate and enrich our lives today. The program is led by **Phil Cousineau**, noted writer, filmmaker, and chronicler of Joseph Campbell and other pioneers in the study of myth.

Page 176.

### **Mind, Body, and Health**

Learn to navigate the wealth of information and research on new approaches to good health, particularly those involving the relationship between the mind and body.
