

# STUDENT CONSUMER INFORMATION

The Higher Education Act of 1965 (HEA), as amended by the Higher Education Opportunity Act of 2008 (HEOA), requires colleges and universities to disclose specific institutional information. These reporting requirements, outlined by the U.S. Department of Education, ensure that all necessary data regarding the institution can be easily accessed from one location.

The links provided in the list below have been provided by the Office of Institutional Research at the University of Southern Maine and are in compliance with these HEOA disclosure requirements. If you have further questions regarding this disclosure, please contact the OIR.
