

Dear USM Graduate Students,

We have extended the deadline to Friday, 8 December 2023 for additional graduate student applicants. To apply, as a graduate student, please submit your resume (include your GPA), cover letter and 2 references to ava.ellis@maine.edu. Please reach out to Ava via email, if you have any questions.

We are accepting applicants for 1 graduate student trustee to be added as full voting members to the University of Maine System Board of Trustees as of 1 July 2024. The requirements for a **graduate representative** include being a full time student, being able to serve a 2 year term (i.e. have at least 2 full years left of study, or more at USM).

Applicants must be able to review the board materials, attend six in-person meetings and attend twelve committee meetings per year. Student trustees and student representatives are expected to serve as liaisons between the board of trustees and the general student body.

Thank you,

Ava
