The screenshot shows a web interface for selecting an organization affiliation. At the top, there is a navigation bar with links for 'New', 'Favorites', 'Tools', and 'Help'. Below this is a 'Steps' indicator showing a sequence of numbers from 1 to 7, with '1' highlighted in a blue box. The main heading is 'Select Your Organization Affiliation'. A red text block states: 'This option is for persons affiliated with a CITI Program subscriber organization.' Below this, a paragraph says: 'To find your organization, enter its name in the box below, then pick from the list of choices provided.' followed by a magnifying glass icon. A search input box contains the text 'University of Maine System'. Below the search box, a paragraph explains: 'University of Maine System allows the use of a CITI Program username/password or Single Sign On (SSO) for access.' Another red text block states: 'Single Sign On (SSO) requires a username and password issued by University of Maine System.' There are two checkboxes, both of which are checked. The first checkbox is followed by the text 'I AGREE to the [Terms of Service](#) and [Privacy Policy](#) for accessing CITI Program materials.' The second checkbox is followed by the text 'I affirm that I am an affiliate of University of Maine System.' At the bottom, there are two blue buttons. The first button is labeled 'Continue To Create Your CITI Program Username/Password' and the second button is labeled 'Continue To SSO Login / Instructions'. Step 2 requests that you enter your first and last name along with your email address. Please enter your name here **as you would like it to appear on your completion report** received at the end of the course.

You can use any email address to register but we recommend not using your organizational email. The account belongs to you, the learner, and if you leave the institution you will still have access to the account if you use a non organizational email. This means you can keep the same account and transfer credit if you affiliate with a new organization.

While not required, we do encourage entering a secondary email address. It will assist in the recovery of your account if you forget your username or password and no longer have access to your primary email address.
