The screenshot shows a web interface with a navigation bar at the top containing 'New', 'Favorites', 'Tools', and 'Help'. Below this is a progress indicator labeled 'Steps:' with numbers 1 through 7, where '1' is highlighted in a blue box. The main section is titled 'Select Your Organization Affiliation'. It contains a red warning message: 'This option is for persons affiliated with a CITI Program subscriber organization.' Below this is an instruction: 'To find your organization, enter its name in the box below, then pick from the list of choices provided.' followed by a search icon. A search input box contains the text 'University of Maine System'. Below the search box, there is a paragraph: 'University of Maine System allows the use of a CITI Program username/password or Single Sign On (SSO) for access.' This is followed by another red warning: 'Single Sign On (SSO) requires a username and password issued by University of Maine System.' At the bottom, there are two checked checkboxes: 'I AGREE to the Terms of Service and Privacy Policy for accessing CITI Program materials.' and 'I affirm that I am an affiliate of University of Maine System.' Below the checkboxes are two blue buttons: 'Continue To Create Your CITI Program Username/Password' and 'Continue To SSO Login / Instructions', with the word 'or' positioned between them.

**Step 2** requests that you enter your first and last name along with your email address. Please enter your name here **as you would like it to appear on your completion report** received at the end of the course.

You can use any email address to register but we recommend not using your organizational email. The account belongs to you, the learner, and if you leave the institution you will still have access to the account if you use a non organizational email. This means you can keep the same account and transfer credit if you affiliate with a new organization.

While not required, we do encourage entering a secondary email address. It will assist in the recovery of your account if you forget your username or password and no longer have access to your primary email address.
