- e. **University Community** - these include affiliated and recognized University groups and organizations as well as individuals who are students, staff, faculty, invited guests and volunteers. All others are considered to be unaffiliated/not affiliated with the University.
- f. **Operations** – refers to the activities, processes, and services necessary for the effective management, maintenance, and utilization of university facilities, grounds, and educational environments.

### **III. The Policy**

The primary use of all university facilities and grounds is for purposes related to the University's mission. University instruction, research, service, and operational needs take precedence over any other use of University facilities and grounds.

Members of the University Community may conduct meetings, assemblies, expressive activities and spontaneous demonstrations in all unrestricted areas of campus, provided that such meetings, assemblies, and demonstrations:

- a. Are conducted in a lawful manner and in compliance with this policy and all other rules and regulations of the University;
- b. Do not impede vehicular or pedestrian traffic;
- c. Do not impede ingress or egress to any facility;
- d. Do not impede access to any emergency exits;
- e. Do not substantially interfere with classes, other scheduled meetings, events, educational process, or the necessary administrative processes of the University;
- f. Do not create a health or safety hazard; and
- g. Do not litter or cause any damage to University grounds.

Meetings, assemblies and demonstrations may be conducted by members of the University community INSIDE restricted areas, University buildings, University Athletic Facilities and Fields, or Residential Halls only with specific authorization and provided that such meetings, assemblies, and demonstrations conform with the limitations listed above.

Individuals and groups that are not affiliated with the University may reserve and use unrestricted University buildings and grounds for any lawful purpose on a space available basis through the reservation process (contact information is provided in section V below).

Please be aware that there may be additional policies, including city and state ordinances, specific to certain facilities, grounds or event types that may include more restrictive provisions than this policy. Persons and groups seeking to use any University facility or grounds are advised to inquire about the existence of any such additional policies at the time they reserve its use. University facilities and grounds may not be used for purposes which are illegal or detrimental to university property.

Application of the policy shall not be arbitrary or capricious and shall not be based upon the content or viewpoint of the proposed speech and this policy shall not be interpreted in such a way as to discriminate on the basis of political, religious, social or other content or viewpoint. This policy adheres to the principles set forth in the University of Maine System [Freedom of Speech and Assembly Policy](#).

#### **IV. Use of Facilities & Grounds for Speech, Assembly & Expressive Activity**

The University of Southern Maine's mission of education, research and public service is dependent upon the free flow of ideas. Given this, protecting free speech activities is of fundamental importance to the University. We understand that the exchange of diverse viewpoints may, at times, expose people to ideas they find offensive and create discomfort. The appropriate response to such speech is more speech; speech expressing opposing ideas; and continued dialogue. **Speech activities protected by this policy include speechmaking, praying, distributing written materials, picketing, assembling in groups and demonstrating.** For safety reasons, participants in expressive activities are not permitted to hold stick- or pole-supported signs.

The University also recognizes that the exercise of free speech must not interfere with the normal operations of the University and the ability to carry out its mission. Such activities are a violation of this policy. A speech activity disrupts the normal activities of the University when a reasonable person is unable to effectively perform a legitimate mission related to University activity because of the speech activity taking place. Examples of disruption include, but are not limited to:

- a. Conducting the speech activity at a volume that substantially disrupts the normal use of classrooms, offices, laboratories, and other University facilities or grounds;
- b. Impeding vehicle or pedestrian traffic;
- c. Impeding ingress or egress to any facility;
- d. Impeding access to any emergency exits;
- e. Conducting a speech activity inside a building after the normal closing hours of the building;
- f. Destroying or materially damaging University property; or

- g. Creating a health or safety hazard

#### **A. Speech and Assembly for University Affiliated Individuals and Groups**

Although individuals who are affiliated with the University are not normally required to reserve University facilities and grounds for speech activities (exceptions noted below under "scheduling required"), users should be aware that the facilities and grounds may be used for regularly scheduled activities and these activities have priority over other uses. In order to avoid conflicts with others, users (groups or individuals) wanting to use an area that is regularly scheduled for activities are encouraged to schedule it at least 10 days in advance (contact information is provided in section V below). Speech and assembly by both affiliated and non-affiliated groups must take place in designated areas and must not disrupt normal or previously scheduled university activities, unreasonably restrict the movement of individuals or organizations, damage property, or create an unsafe situation. "Unsafe" includes, but is not limited to, imminent health and safety hazards.

Community members or groups, affiliated or not, who fail to schedule a speech activity that interferes with a prior scheduled event are in violation of this policy and will be asked to disperse. Failure to comply may result in disciplinary action. The University reserves the right to provide appropriate security to maintain order and ensure the safety of its students, employees, and property.

Scheduling an assembly or event does not constitute approval of speech content. Speech activities will be scheduled on a first-come, first-served basis for the requested location. Events will not be scheduled if there is a scheduling conflict with an earlier planned event or if the requested event will clearly result in a violation of this policy.

#### **B. Speech and Assembly for Non-Affiliated Individuals and Groups**

Unlike University community members, non-University-affiliated individuals or groups wishing to engage in expressive activities must always reserve space (contact information is in section V below). Reservations will be approved on a space available basis. Priority is given to University affiliated individuals and groups including departments, recognized student organizations, students, faculty and staff that submit requests to reserve these locations. The University reserves the right to have appropriate security present to preserve order and protect the safety of its students, employees and property.

#### **C. Scheduling Required - because of size, safety, logistics, and other considerations, the following types of speech activities must be scheduled in advance:**

- a. All speech activities conducted and/or sponsored by individuals and groups not affiliated with the University.
- b. Planned demonstrations on campus. A planned demonstration is a public manifestation of speech activity; taking the form of a mass meeting, procession,

picket, or similar activity which involves more than 10 people and is organized and promoted more than a day before the event. Users must schedule such events through the appropriate office in section V below. This does not apply to spontaneous demonstrations by University community members for which there is no prior promotion or organization.

- c. Building a structure on campus (also requires a Facilities Permit).
- d. Use of a public address system or loudspeakers (also requires a Facilities Permit).
- e. Events that are likely to involve more than 100 attendees must be communicated to the Vice President of Public Safety and the Executive Director of Facilities Management prior to confirming the event reservation and at least 10 working days in advance of the proposed event. The Department of Public Safety reserves the right to require and charge for police or other public safety personnel presence if such services are deemed necessary to preserve order, provide safety, oversee crowd control, and/or manage traffic and parking due to this event or a combination of events occurring at the same time. If alcohol is to be served or consumed during any event or activity, [USM's Alcohol and Other Drugs Policy](#) requires prior coordination with and/or the presence of USM Public Safety.

Persons and groups seeking to use any University facility or grounds are advised to inquire about the existence of any such additional policies at the time they reserve its use.

## **VI. Public Safety Coverage at Events and Activities**

In all circumstances the University strives to always protect the safety of the campus community and wishes to work with event organizers to ensure public safety. The Department of Public Safety at the University of Southern Maine will assess and have authority to determine the nature and extent of safety measures, which may include (but are not limited to) relocating an event, changing its timing, or employing safety equipment or protocols. In those rare instances in which the University concludes that an event presents an imminent threat to public safety, the University reserves the right to cancel the event.

If alcohol is to be served or consumed during any event or activity, [USM's Alcohol and Other Drugs Policy](#) requires prior coordination with and/or the presence of USM Public Safety.

To request Public Safety personnel please use the Request for Police Services form available at the [Department of Public Safety's website](#). For parking guidelines or transportation questions, please visit the Office of Parking and Transportation website.

## **VII. Building Hours**

### **1. Standard Building Hours**

- a. The University has over 80 buildings and many can serve different purposes and constituencies than others. This requires that they may be open for different hours than other buildings. This is especially true with the Libraries and Learning Commons, the Computer Labs, the Costello Sports Complex and Sullivan Recreation and Fitness Complex, and the Lewiston-Auburn Campus. Therefore, it is difficult to provide precise building hours for all buildings.

**When classes are in session**, University buildings and offices will typically be unlocked and open during hours similar to the following:

- i. Classroom Buildings in Portland and Gorham: 8:00am -10:00pm Monday through Thursday, 8:00am -5:00pm Fridays. Weekends - as needed or as scheduled.

- ii. Kenneth T.H. Brooks Student Center: 7:00am - 1:00am Monday through Sunday.
- iii. McGoldrick Center for Student Success: 7:00am - 10:00pm Monday through Friday; Saturday and Sunday for Special events.
- iv. University Offices: 8:00am -4:30pm Monday through Friday.
- v. The Lewiston-Auburn Campus: 7:00am – 7:00p, Monday through Friday.

## 2. Semester Breaks

- a. During the summer and scheduled school holidays, many buildings have reduced use and staffing which necessitates shortening the open hours. For specific information about the hours for any building or office, one should call in advance to make sure that the area is open before coming to campus. Contact information and hours for services and departments can be found by searching for the area on the [University's website](#).

## 3. Other Closures or Hours

- a. The University reserves the right to lock or change hours of operation in any facility without advance notice. In the event of closure, reservations, events and scheduled classes may be relocated, postponed or canceled. The University will attempt to advise affected individuals of such closures as soon as possible after the decision is made.
- b. The [Department of Facilities Management](#) is responsible for unlocking buildings Monday- Friday. The Department of Public Safety locks the buildings and is responsible for unlocking the buildings on Saturdays, Sundays and Holidays.

## 4. Accessing Buildings Outside of the Standard Hours

- a. If Buildings are to be unlocked at a time other than those listed above, this must be scheduled with The Department of Public Safety at least 24 hours in advance.
- b. At the discretion of the Department Chair, Departments may allow employees and/or students access outside of the Standard Building Hours by requesting a Building Key from Facilities Management to be left at the Public Safety building in Gorham. The Department is responsible for providing Public Safety a list of authorized users every semester and the hours of permitted access.

- i. Regular faculty and staff employees who have been authorized to possess a Building key and/or who remain in their offices after their Building Standard hours do so at their own risk. Buildings are closed to all others unless a regular faculty or staff employee is present and is directly supervising. University employees are responsible for the activities and conduct of anyone they grant access to after regular building hours.
- ii. As part of the University's efforts to maintain the safety and security of the campus community, the University encourages all employees to inform Public Safety when they are staying in a building after the standard building hours and are working alone and when they leave. Employees may do so by contacting Public Safety by phone at 207-780-5211.

## 5. Holidays and Weather Closings

- a. On a day of an official [University holiday](#) or [weather closing](#) when there are no classes or events scheduled, buildings will be locked and closed to the public. Residence Halls, Brooks Student Center and Dining Hall and the McGoldrick Center for Career and Student success will typically remain open as scheduled for residential students.
- b. Members of the University Community may sign up for emergency text alerts and/or emails; including announcements of weather closings through the online [USM Alert Registration](#).
