Important Notes:

In addition to using this guide, always discuss your curriculum plan with your Faculty Advisor!

- Electives can be taken during any semester, and are often taken during the summer. The SSW offers graduate elective options every semester, including summer. Students can take up to 6 elective credits outside the SSW, but must obtain prior approval from their Faculty Advisor.
- Students can complete a Graduate Thesis in lieu of two elective courses. Refer to the [MSW Thesis Manual](#) for more information and discuss this option with your Faculty Advisor. Please be advised that theses are typically completed during the Fall and Spring semesters, not the Summer semester as depicted here.
