No smoking is permitted within fifty feet of building entrances that are accessible for persons with disabilities. Smoking is prohibited in all residence halls.

In order to protect the health, safety and comfort of University students, employees, and visitors, and consistent with state law (Title 22, Chapter 1580-A and 1542), it is the policy of the University of Southern Maine to restrict smoking in facilities and on grounds owned, leased, or rented by the University. POLICY#: 101.12

SUBJECT: TOBACCO/SMOKING POLICY

APPLIES TO: ALL EMPLOYEES, STUDENTS AND VISITORS

EFFECTIVE DATE: 01/01/86

REVIEW/REVISION DATE: 09/01/2002

I. Whereas, The University of Southern Maine (USM) joins with the American College

Health Association (ACHA) in supporting the findings of the Surgeon General

that tobacco use in any form, active and passive, is a significant health hazard.

USM further recognizes that second-hand smoke has been classified as a Group A carcinogen by the United States Environmental Protection Agency.

USM acknowledges the Centers for Disease Control and Prevention (CDC) statistics

that 70% of all smokers report that they want to quit smoking completely.

The

implementation of a new tobacco policy will have an immediate effect on individuals who smoke and therefore USM has included prevention, education and

cessation initiative in planning for this policy change.

Our intent is to institute a policy that respects the rights of smokers and non-smokers while accomplishing the following: reduce exposure to second-hand

smoke, provide an environment supportive of tobacco-free lifestyles, reduce risk of accidental fire, and reduce the environmental impact of cigarette litter.
