I am requesting phone line activation in my residence hall room. I understand that my student account will be charged a nonrefundable fee of $40.00 per semester and that it is my responsibility to email the Telecommunications Department (telecom@usm.maine.edu) to terminate or to move my phone service. I understand that there will be an additional $10.00 charge which will be billed to my student account, if I move to another room on campus and choose to bring my phone service with me. Furthermore, I acknowledge this phone service is for local calls only and I will be required to purchase a calling card to make long distance calls.

Resident phone line service includes local calling, placing collect calls, toll-free calls, calling card calls and voicemail. Telephone sets are supplied by the student.

Telephone lines used by students in residence halls are University property. Students are prohibited from accepting collect or third party calls on University telephone lines. Calling cards or internet phone accounts may not be assigned to University telephone lines. I understand that fraudulent use of telephone service may result in disconnection of line.
