Accelerated Graduate Pathway Check Sheet MA, Leadership Studies (MLS) 2021-2022

This sheet lists the undergraduate portion of the accelerated program and should be used in combination with the student's major check sheet

Students pursuing the Accelerated Graduate Pathway to the MA, Leadership Studies will be able to use up to 12 graduate credits to fulfill undergraduate *elective* credits. Additionally, students will not need to complete the MLS application as long as all program prerequisites/ requirements are completed. Students will instead complete an *Intent to Enroll* form in their final undergraduate semester. It is required that students work with their advisor(s) to create a graduation plan upon declaration of the pathway. This is important because 1) not all courses are offered every semester (for example LOS 500 is **only** offered in the fall and **must** be taken for a student to successfully pursue this pathway) and 2) it will be advantageous to the student to build “room” into their elective credits for both the graduate-level courses and additional undergraduate-level prerequisite courses. **Additional info:**

Approved undergraduate majors: All

Minimum undergraduate GPA: 3.00

Graduate entrance exam: None

Requirements to begin taking graduate-level course: 90 earned undergraduate credits, completion of undergraduate prerequisites

Semester students can matriculate into the graduate program: Fall, Spring, Summer

Maximum graduate credit that can be applied to undergraduate degree: 12 credits
