

## USM Graduation Certification Process

### Notes regarding awarding degrees:

- Degrees are awarded when all Graduation Certification information for majors and minors have been received or student gives permission to drop a major/minor.
- Degrees are awarded 4-6 weeks after final grades are due, and awarding is processed in the order received.
- The ability to register for future academic semesters are removed from your academic account. If future semester enrollment is needed for degree completion, please connect with Registration Services.
- Diplomas/Certificates are not sent if you have a Financial Hold or Exit Interview Hold on your student account, please check!
- Diplomas will be processed, proofed, batched and sent at later date. Please review your mailing address on MaineStreet and update as needed. This will aid in our delivering your diploma to the correct location.
