## D. Assessment of Student Learning: Program Assessment

### Step 1: Identify the Student Learning Outcomes (SLO's)

- a. Do you have your student learning outcomes published on your department's website? **General outcomes are identified, though specific outcomes are not listed.**

i. If yes, please indicate the url: <http://usm.maine.edu/eco>

- ii. If no, please list 3-5 of the most important student learning outcomes for your program. **What will students know by the end of your program?**

I have not yet been able to locate the Economics SLOs. [AA has recently left, department paper files are in transition between buildings, and new AA has not yet explored computer files which have been transferred to her.]

- b. Please identify **which of your student learning outcome(s) were assessed this past academic year.**

**I do not believe any programmatic assessment was done this year.**

- c. Do you have a **matrix or curriculum map** showing when your student learning outcomes are assessed and in which courses? **Not sure**

**Step 2: Assessment Methods Selected and Implemented**

- a. Identify which direct measures (other than course grades), that are used to determine whether students achieved the stated learning outcomes for the degree.

**No direct measures used for program assessment this year.**

**Step 3: Using the Assessment results to Improve Student Learning**

- a. Briefly describe your unit's process of reviewing the program assessment results (i.e. annual process by faculty committee, etc). **Not done this year.**
- b. What changes have been or will be made to improve student learning, as a result of using the program assessment results?
- c. Date of most recent program review/self-study? **Self study will be done in 2016/17.**

**E..Course Assessment Activities:** *Is your program able to report any assessment-related activities at the Course-Level... (i.e. created grading rubrics to use in required courses, examined student progress in entry-level courses, developed a new course, etc)? Please briefly explain any assessment projects.* **Unknown.**

**F. Community Engagement Activities in your departmental curriculum:**

a. Does your department have a student learning outcome that is related to any community engagement activities? If so, please state the outcome. **Unknown.**

b. Please indicate what community engagement activities are included in your program's curriculum, and whether the activities are required or optional for students in your major. **Unknown**
