

School Efficiency Profile: Ellsworth Elementary-Middle School

School Information: 2009-2010	
School Demographics Special Education: 29.11% Free/Reduced-Price Lunch: 43.67% Limited English Proficiency: 0.76%	State Average Demographics, Grades K-8 Special Education: 13.9% Free/Reduced-Price Lunch: 48.72% Limited English Proficiency: 2.15%
School Characteristics	
District/Union: Rsu 24	Location: Ellsworth, Maine
Grade Span: K-8	Enrollment: 395

School Efficiency Profiles provide each Maine school and its community with a quick overview of their students' academic performance on the annual statewide assessment and the school's return on spending. For the purposes of this profile, school efficiency is defined by a set of six criteria, four based on student academic performance and two based on the return on spending.

Table 1. 1 Elementary School Efficiency Profile

Academic Performance and Return on Spending Criteria		Met Criterion?			
		Grade 4		Grade 8	
		Yes	No	Yes	No
Efficiency Performance	P1. Average school score on statewide assessment compared to state comparison score.	✓		✓	
	P2. Average school score on statewide assessment compared to expected score.	✓		✓	
	P3. School percent of students that Meet or Exceed standards on statewide assessment compared to state percentage.*	✓		✓	
	P4. School percent of students that Partially Meet, Meet, or Exceed standards on statewide assessment compared to state percentage.*	✓		✓	
Return	R1. School's return on spending ratio compared to state ratio.	✓		✓	
	R2. School's return on spending ratio compared to expected ratio.	✓		✓	

*This study uses the 2008-2009 Maine Department of Education's standards-based proficiency levels: "Does Not Meet," "Partially Meets," "Meets," and "Exceeds."

Parents, teachers, administrators and all Maine citizens want the best for our children. In every school across the state, there is wonderful work happening and a desire to improve. Improvement starts with good information about where we are, which lays the foundation for discussions about where we aim to be. To serve Maine schools, districts and communities in this work, the Maine Education Policy Research Institute (MEPRI) at the University of Southern Maine has developed a **School Efficiency Profile**. Schools and their communities are encouraged to use this information as one way of examining the school's performance. The identified efficiency data in this profile is from three years: 2008-2010. Please keep in mind that the data for your school may have changed in more recent years, and your school's comparison level may be different using other measures.

Criteria P1-P4: Academic Performance of Ellsworth Elementary-Middle School

Academic Performance in Criteria P1-P4 uses student scores from the statewide Maine Education Assessment (MEA) for grades 4 and 8. For schools with certain configurations (e.g. 3-5), this may also reflect learning in an earlier school (e.g. K-2).

Criterion P1: The school's average cumulative scale score on the grades 4 & 8 MEA is compared to the state comparison score of all students taking the same test.

School Average Grade 4 MEA Score	447.30
State Comparison Grade 4 MEA Score	445.92

School Average Grade 8 MEA Score	847.47
State Comparison Grade 8 MEA Score	847.06

Your school meets criterion P1.

Criterion P3: The school's cumulative percent of students who Meet or Exceed proficiency on the grades 4 & 8 MEA is compared to the state comparison percent.

School Percent Grade 4 Meets or Exceeds	70.26
State Percent Grade 4 Meets or Exceeds	61.91

School Percent Grade 8 Meets or Exceeds	66.93
State Percent Grade 8 Meets or Exceeds	62.07

Your school meets criterion P3.

Criterion P2: The school's average cumulative scale score on the grades 4 & 8 MEA is compared to what would be expected from your school, in terms of prior performance on statewide assessments and community characteristics.

School Average Grade 4 MEA Score	447.30
Expected Grade 4 MEA Score	445.39

School Average Grade 8 MEA Score	847.47
Expected Grade 8 MEA Score	845.92

Your school meets criterion P2.

Criterion P4: The school's cumulative percent of students who at least Partially Meet proficiency, which includes those who Partially Meet, Meet and Exceed the standard, on the grades 4 & 8 MEA is compared to the state comparison percent.

School Percent Grade 4 at least Partially Meet	91.17
State Percent Grade 4 at least Partially Meet	87.95

School Percent Grade 8 at least Partially Meet	86.83
State Percent Grade 8 at least Partially Meet	85.84

Your school meets criterion P4.

Criteria R1 & R2: Return on Spending of Ellsworth Elementary-Middle School

The Return on Spending in Criteria R1 and R2 is a simplified cost-benefit ratio that measures the school's percentage of students that Meet or Exceed the standards in relation to operating expenditure per pupil. Before calculating the Return on Spending, per-pupil operating expenditure was adjusted for geographic price differences using the same regional adjustment factors used in Maine's school funding formula. The Return on Spending indicates that for every \$1,000 spent on each student, 10.33 percent of students in grade 4 & 9.89 percent of students in grade 8 at your school demonstrated overall proficiency on the academic standards assessed in the MEA.

Criterion R1: Average school return on spending is compared to the state return on spending.

School Grade 4 Return on Spending	10.33
State Grade 4 Return on Spending	8.09

School Grade 8 Return on Spending	9.89
State Grade 8 Return on Spending	7.55

Your school meets criterion R1.

Criterion R2: Average school return on spending is compared to what would be expected from your school, in terms of prior performance on statewide assessments and community characteristics.

School Grade 4 Return on Spending	10.33
Expected Grade 4 Return on Spending	8.71

School Grade 8 Return on Spending	9.89
Expected Grade 8 Return on Spending	8.09

Your school meets criterion R2.

Schools and communities are encouraged to use this information in examining your school's past, current and future academic performance and efficient use of resources. This School Efficiency Profile presents one measure of efficiency to supplement the materials used in your on-going work to improve the education of Maine's children.
