Since 2008, USM has offered two pathways to BCBA:

• CERTIFICATE IN APPLIED BEHAVIOR ANALYSIS (CABA) -- for those who already have a master's degree

The Certificate in Applied Behavior Analysis (CABA) is a seven-course, 21-credit hour program. The completion of the CABA constitutes partial fulfillment of the requirements to obtain the Board Certified Behavior Analyst (BCBA) credential.

• MS IN EDUCATIONAL PSYCHOLOGY WITH A CONCENTRATION IN APPLIED BEHAVIOR ANALYSIS (MS-ABA) -- for those who want BCBA but don't yet have a master’s degree

The M.S. in Educational Psychology with a concentration in Applied Behavior Analysis is a 36-credit program that provides training for its graduates in the principles and applications of ABA methods to serve children and adolescents in schools and community agencies. It is the only such program in northern New England. The program is designed to meet the academic requirements necessary for the Board Certified Behavior Analyst (BCBA).

Both pathways will be available on campus and via distance programming using the online portal known as Adobe Connect starting in the Fall 2013. The classes will be synchronous, meaning that students will meet at a specified time each week and participate in lectures and other learning activities just as if they were on campus. We plan to offer the same level of high-quality coursework that has been available in our on-campus versions of these programs.

Online Information Session

JOIN US!

Wednesday May 15, 2013
4:00p.m. - 5:00p.m.

To join the meeting go to: http://connect.maine.edu/r7goshkdd2h/

This online webinar will provide information about USM's online certificate and master's degree in applied behavior analysis (ABA). The session is free. No RSVP is required.

If you have never attended an Adobe Connect meeting before:
