

Equity & Excellence in Maine Schools

School Level Equity Snapshot Template

Equity and excellence in education is defined as fair and just opportunity to learn through **access** to high quality programming, high quality teachers, distribution of **funding**, just **discipline** procedures, and measures of **achievement**. These four components are captured in this template to provide a snapshot of a school or district in relation to representational distribution of populations. Schools strive to be equitable by having representative distribution of populations by gender, race, language, ability, and socio-economic status.

This template uses the theoretical framework of the equity audit by Linda Skrla and others along with publicly accessible data bases. Key among these is the national [Office of Civil Rights 2011-2012 District and School Reports](#) and [the Maine Department of Education Data Warehouse School Snapshots](#).

Like all data, it has its limitations and we can argue the accuracy of reporting structures, however, the data and comparisons within a school or district and across districts create opening for examination of our practices and opportunities to question if we could improve our practice to better serve ALL STUDENTS.

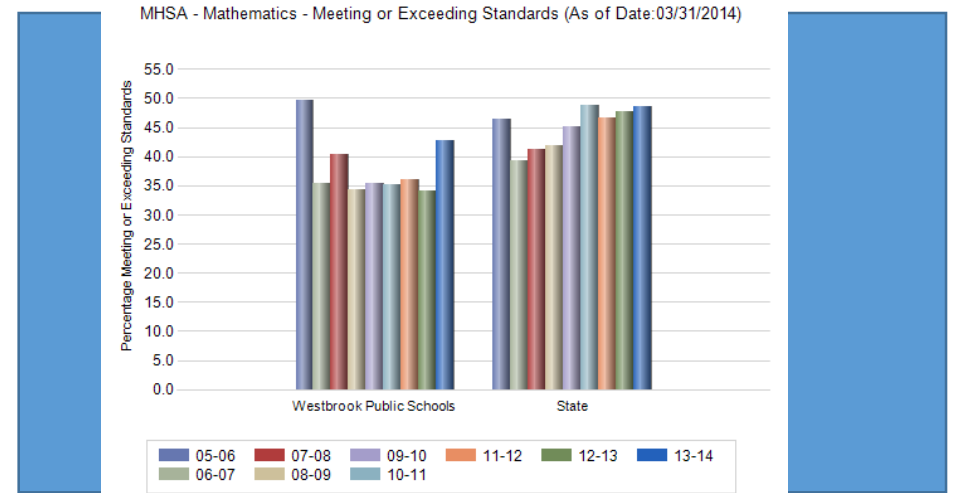

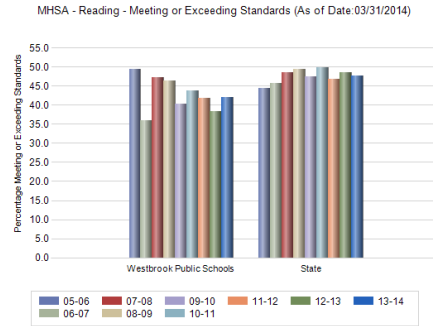

Equity & Excellence in Maine Schools

Westbrook High School Equity Snapshot

Westbrook Public High School
Graduation Rate for 2014 85%
 compared to 83% state average

2014 Reading
 42.1% WHS
 47.6% state

Facilities:	2,660	1,346
* Total for all	12,048	12,056

Discipline - demographic representation in suspensions and expulsions from 2010-2011 as reported to Office of Civil Rights

Step by step for using template

- Achievement and Funding Data is available from [MDOE Data Warehouse School Snapshot](#). In left column search by district, hover and the school level option will appear. In the school level overview % proficient is a hyperlink to data tables from last 9 years. Funding data may only be available at the district level so you'll have to back up to the district report
- Access and Discipline data is available [Office of Civil Rights School/District Search](#). The data examines racial representation in GT programs, AP programs, ELL and Spec ED and well as racial representation in discipline suspensions and expulsions which are very limited in Maine.
