## FACULTY POSITION IN ELECTRICAL ENGINEERING

The University of Southern Maine invites applications for a tenure-track Assistant Professor of Electrical Engineering position to begin in September 2020.

USM offers ABET-accredited Bachelor of Science degrees in Electrical Engineering and in Mechanical Engineering. For additional information, please visit the USM engineering website at <http://www.usm.maine.edu/engineering>.

Applicants must have a Ph.D. in electrical engineering or similar discipline by the date of employment. Preference will be given to candidates with expertise in wireless RF communication systems and electromagnetics, but outstanding candidates in other areas will also be considered. Candidates will be expected to be able to strengthen industrial collaborations and provide undergraduate capstone opportunities. Women, minorities, individuals with disabilities, and veterans are encouraged to apply.

Apply online at:

<https://usm.hiretouch.com/job-details?jobID=58056&job=assistant-professor-of-electrical-engineering>.

You will need to create an applicant profile and complete an application. You will need to upload a cover letter, a curriculum vitae, a statement of teaching philosophy and scholarly interests, sample publications, and the names and contact information of at least three references. You will also need to complete the affirmative action survey, the self-identification of disability form, and the self-identification of veteran status form.

Review of applications will begin immediately. To ensure full consideration, materials should be submitted by November 3, 2019. Materials received on or after that date will be considered at the discretion of the university.

USM is an EEO/AA employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, national origin, sexual orientation, age, disability, protected veteran status, or any other characteristic protected by law.
