With the USM Fieldwork Supervisor Guest Faculty ID card (obtained from any USM Library) with its \$25 fee waived:

- Free book borrowing privileges from USM, URSUS, and MaineCat (requests can be made from home once the card is activated; delivery is to the campus library you specify at the time of request)
- Free use of any restricted databases (including *CINAHL with Full-Text*) when accessing the databases remotely or using a USM library's public access computer (the number of public access computers varies at each of the three campus libraries and there is a time limit policy)
- Free reference assistance via phone, email, IM/chat, or in-person

Be sure you have a USM identification card with the library barcode on it activated. Once activated, you can sign up online for interlibrary loan (ILLiad).
