Office of Research Integrity and Outreach
External Research Requested of a Collaborative Institution

A Collaborative Institution to the University of Southern Maine (USM) Institutional Review Board (IRB) will use this form to request the USM IRB review any incoming research request to the Collaborative Institution for data or recruitment for research external to the Collaborative Institution.

The University of Southern Maine Office of Research Integrity and Outreach (ORIO) reviews the approved research protocol and approval/determination letter from the External Institutional Review Board requesting your participation in research.

Collaborative Institution:

If applicable, subsidiary of Collaborative Institution:
