

Prescribed schedule for UMPI students in the Maine Engineering Pathways Program

to USM BS in Electrical Engineering from UMPI

Year One @ UMPI

| Year One Fall | | Year One Spring | |
|--------------------------------------------------------------------|-----------|---------------------------------------------------------------------------------------|-----------|
| Course | Credit | Course | Credit |
| UMPI Introduction to Engineering | 1 | Any course that fulfills USM Cultural Interpretation Core Requirement | 3 |
| ENG 101 College Composition | 3 | MAT 132 Calculus II | 4 |
| MAT 131 Calculus I (Quantitative Reasoning Core Requirement) | 4 | PHY 154 General Physics II | 4 |
| CHY 111 General Chemistry I (Science Exploration Core Requirement) | 4 | COS 105 Computer Programming I | 3 |
| PHY 153 General Physics I | 4 | Any course that fulfills USM Socio-Cultural Analysis Core Requirement | 3 |
| Semester Credits | 16 | Semester Credits | 17 |
| Total UMPI credits: 33 | | | |

Years Two through Four Mechanical Engineering @ USM

| Year Two Fall | | Year Two Spring | |

In order to transfer to USM, students must successfully complete a minimum of 30 credits at a participating campus (UMPI, UMF, UMA, UMM). They should have earned a C or better in core mathematics and science courses. Transfer students missing one or more of these core courses will be considered on a case-by-case basis. The minimum overall GPA requirement to transfer into a USM engineering program is 2.5.

Admissions and High School Curriculum expectations: Suggested minimum admissions requirements are combined SAT (Math + Verbal) of 1000, and a Math SAT score of 550. A high school GPA of 2.5 or greater is recommended. Applicants should have completed two years of high school lab sciences and three years of mathematics including Algebra I, Algebra II, and Geometry. In addition, a year of Pre-Calculus is required. If the latter requirement is not met, students would likely need to take Pre-Calculus in the first semester of the MEPP rather than Calculus I. This could delay student's overall progress by up to one year.

Students already matriculated at UMA, UMF, UMPI, or UMM: Students who are already enrolled in one of the participating campuses and wish to change majors into the program may do so provided they earn a C or better in Pre-Calculus and a lab science course, and have an overall college GPA of 2.0 or greater.
